NOTE:

New York has prepared leaflet designed to disrupt two major groups, NPAC and PCPJ, both Trotskyist or communist-infiltrated or dominated, which are sponsoring massive demonstrations in Washington, D.C., and San Francisco 4/24/71. Leaflet also directed against homosexual groups involved in demonstrations and becoming increasingly militant. It is noted leaflet is written in excellent fashion in typical language of New Left. As such it contains profanity and vulgarity which are inseparably associated with adherents of this movement. We are approving inclusion of the profanity because to do otherwise would render the leaflet suspect, incredibly inadequate, and would probably defeat from the outset the purpose for which it is being prepared.

THE THIRD.....WHAT?

According to Chief White Fag Dave Mc Reynolds of the lily-white War Resisters League and the sickening pale Nat'l Peace Action Coalition, the "massive" demonstrations in Washington on April 24th, will change the course of Amerikkkan history and - laughingly - force the establishment to recognize ALL THE POWER OF THE PEOPLE! Bullshit, Dave, baby.....

The flood of crappy position papers and senseless pronouncements vomited from the headquarters of NPAC and the People's Coalition For Peace and Justice, in recent weeks reveals the usual Queer Cats - like Sweet Dave Dellinger, Fruity Kennie Davis, Old Faggot Stewart Meacham, Nutty Sid Peck and Old Folks Abernathy, have once again combined to give the kiss of death to what could have been a meaningful demonstration of the people's rage against Amerikkka. Together, with the stone-heads from the racist Socialist Workers Party and their dead abortion, the Young Socialist Alliance, they will skillfully produce what they produce best: COMPLETE AND UTTER FAILURE!

We note with a high degree of nausea that every white Fag group in the country has been urged to mince their way to the capital. Every Joe Landiere in the steaming vipers of Harlem and Bed-Sty have been told to take their hands out of BLACK pockets for just one day. Every white, female Lib group, every lesbian collection of cuckoos, every ranting pervert, every liberal maniac...will be in D.C. on the 24th. They forgot two small items: TWENTYFOUR MILLION BLACKS and thousands of NORMAL PEOPLE!

The outrageous rejection of BLACK participation by the chauvinistic TROTS and their homo friends was bad enough, but sticking Uncle Tom Abernathy up front for all the world to see was a smack in the face of BLACK Liberation everywhere. The good Reverend has stepped in too much male shit to be of any value to anybody....

The PEACE MOVEMENT has been torn asunder by the ding-dongs who grabbed command years ago. Dellinger and Company are the cancer in the Movement's bloodstream. They must be removed and NOW!

DEMAND BLACK PARTICIPATION!

IT IS ALSO SUGGESTED THAT CONSIDERATION BE GIVEN TO THE PREPARATION OF A CRUDE LEAFLET FROM THE BLACK PANTHER PARTY IN WHICH THE CONFERENCE IS DENOUNCED AS A RACIST, LIBERAL GATHERING WHICH FAILED TO INVITE THE BPP TO PARTICIPATE. THE LEAFLET WOULD URGE A COMPLETE BOYCOTT OF THE AFFAIR BY ALL WHITES WHO IDENTIFY WITH THE PANTHER LINE. IT IS ALSO SUGGESTED THAT SELECTED AGENTS OF THE NYO TELEPHONICALLY PROTEST THE CONFERENCE TO THE CHANCERY OF THE ARCHDIOCESE OF NY IN VIEW OF FACT THAT YEARLY COLLECTIONS ARE TAKEN FOR CU IN NY AREA. IT IS HOPED NY CHANCERY WILL FURNISH CU AUTHORITIES WITH INDIGNATION EXPRESSED AT NY.

SDS - A REMEMBRANCE OF THINGS PAST

In late December a shitty debacle - laughingly described as the SDS National Convention - was held in the windy city of Chicago, with most of the wind (Noxious fumes, if you like) confined to the cavernous interior of the coliseum. It was a mind boggling experience from any standpoint. A thousand red balloons could have been inflated with the crappy helium spouted by PLpers like Alan Spector and Jeff Singleton who carefully restructured SDS into a new organizational image - a 100% puppet of the PLP.

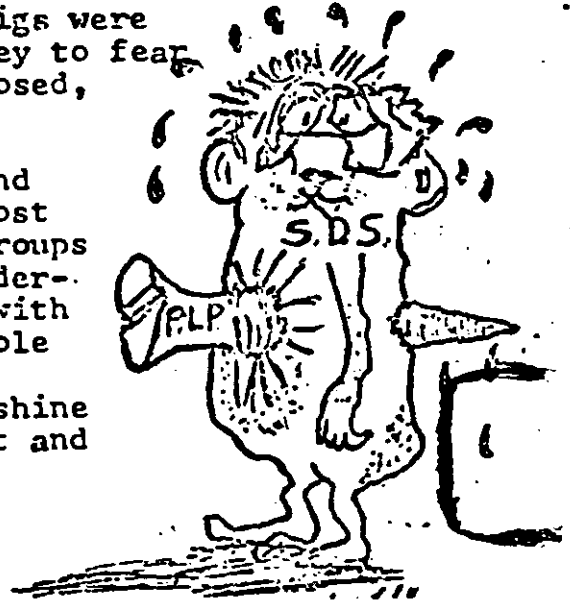

Opposition was nil. Oh, there was some bitching from the floor, mainly centered around the Midnight Special group from New Orleans and, to a slight extent, from the Columbia university delegation, but Alan, Marty Riefe and sweetie Singleton simply rammed the PL shit down our collective throats. In doing so, they paved the way for the inevitable factional splits which, in the last analysis, buried yesteryear's SDS in a deep, deep grave.

The new NIC assures PL domination of any future course taken under the name SDS. And any course taken under PLP leadership leads straight to oblivion. The election of Riefe as Nat'l Secretary and Singleton as Org. Secretary cemented PL into national control for keeps. A few of us threw up and shuffled our feet but otherwise - nothing!

It was all so sad. And the ultimate in fairy tales appeared in the convention run-down in the January 15th issue of New Left Notes. Wow! According to these dreamers, hundreds of workers joined the December 30th "climatic" demonstration and parade on Washington and State Streets. Bullshit! The parade was just short of pitiful. We marched the whole route and didn't see one worker - not one - do anything but spit at us. One jolly group took up the deathless shout of "Jew-Commie-Punks!" Even the pigs were smirking with joy for what had they to fear from that pathetic rabble of wet-nosed, pimple-faced, middle class kids?

SDS died in Chicago...was eaten and finally defecated by one of the most narrow, stoical, semi-political groups of all time. Compared to PL's leadership in action, a dead man moves with blinding speed. At least, the whole thing left some of us free to contemplate our navels in the subshine while the PLers bullshit, bullshit and bullshit....

Nat'l student antiwar conference called

WASHINGTON, D.C.—The Student Mobilization Committee to End the War in Vietnam will hold a National Student Antiwar Conference here the weekend of Feb. 19-21. The gathering is expected to be a major political event for the entire student movement.

The country's largest student antiwar organization, SMC will work out plans at the conference for a massive spring offensive against the war. With the April 24 Washington-San Francisco national antiwar demonstrations initiated by the National Peace Action Coalition as a proposed control focus, the conference will plan a multifaceted campaign of education and mass action aimed at abolishing the draft, ending campus complicity with the war machine, and building support for the rapidly-deepening GI antiwar movement.

In a memo to SMC chapters and other antiwar activists, the SMC national office urged a concerted, organized drive to assure a maximum attendance at the conference, which will be held at Catholic University.

It was requested that the leaflet announcing the conference be reproduced for the widest circulation and that all groups opposed to the war distribute and mail it out.

It was further suggested that student governments be asked to support the conference and help with publicity and transportation costs.

In addition to securing publicity for the conference in the campus

and underground press, it was urged that wherever possible, local SMC groups send out regional travelers to spread the word about the gathering.

In preparation for the conference, and to help assure a fruitful exchange of views there, it was urged that those with particular proposals to present to the conference submit them ahead of time in writing so they can be made available to everyone who will be attending.

As previously, the conference will be open to all, and everyone will be encouraged to participate in the weekend's discussion. However, in line with the present policy of developing SMC as a membership organization, voting will be limited to SMC members. Those who are already members will have the opportunity to join when they come to the conference. Yearly membership is \$1.

Last year's SMC conference was the largest antiwar gathering with 3,500 participating. SMC is aiming to make this conference a comparable size and is urgently in need of funds to carry through the necessary organization and publicity for this.

In order to prepare for the conference and the spring offensive, the SMC national office has been moved to Washington.

Until Feb. 1, the SMC's temporary address there will be 815 17 St. N.W., Rm. 503, Washington, D.C. 20005. Phone: (202) 628-6876 or 628-5876.

[redacted] also reported that an announcement was made from the platform that an unidentified member of SDS had put up his entire life savings, some \$4,500, in order to obtain the use of the coliseum for the convention. This person, not otherwise identified, expected to be reimbursed from funds collected from the delegates.

[redacted] stated that one [redacted] of the Chicago "Free Press", reported the rental of the Chicago Coliseum as "A rather expensive playpen for neurotic Jewish children."

As set forth in reNYat dated 1/21/71, [redacted] reports that one of the main problems of the NY SDS Region has been the lack of money to pay basic expenses. "This source stated that bus tickets were sold by the region for \$25 each and that \$1,250 was raised in NY in this fashion. One individual reportedly loaned the office \$800 from his tuition money and another \$1,000 or \$2,000 was borrowed from a student who has a \$12,000 trust fund.

Both [redacted] and [redacted] feel that while some PLP funds were used to support the convention in Chicago, the SDS regional chapters around the country are in serious financial difficulty.

Neither source reported on any significant immoral or unusual activities by convention participants.

With regard to PLP control over the activities of the convention, [redacted] a written report-stated in part:

"In all of these discussions PLP steadfastly maintained a hard doctrinaire and sectarian line. It clung to the view that only a program oriented exclusively toward the working class and aimed at bettering its economic position was the correct one for SDS.....

"The comment heard afterwards was that a clear majority of the delegates were for the PLP-WSA program, bu

perhaps a hundred went away highly dissatisfied.....

"The night of December 29 thus saw a victory for the drive of PLP to turn SDS into a satellite organization at the national level. Although rebellions by local chapters cannot be excluded or prevented by the national leadership, SDS as a whole will move in the wake of a tiny sectarian party of the left that has no prospect of coming to power anywhere in the country in the foreseeable future.

"The PLP adherents, who took a rather uniform if unconvincing line, were in sharp contrast to the other SDSers, who privately admitted that they saw the absurdity and unreality of the PLP position but would never have dared to express their disbelief in public-above all at a convention which they saw was controlled and manipulated by PLP from the start to the finish.

"So ended the SDS National Convention of 1970. Henceforth, what remains of SDS will be following in the wake of PLP, in what may well prove to be a circular and aimless political course."

NY feels that a meaningful counterintelligence objective in this matter is a general campaign to ridicule and belittle the PLP. Such attacks-in the form of position papers, reports from the convention or spurious press releases-could serve to spread confusion in the PLP ranks with an overflow having good effect on SDS regions rebelling against the blind, Maoist ideology of PLP.

In recent weeks, NY has achieved some success along this vein through the anonymous distribution of a leaflet in the form of a comic strip designed to exploit a factional dispute within the ranks of the PLP. Its distribution resulted in an outpouring of rage from the PLP paper, "Challenge-Desafio" and general concern in PLP leadership as to the infiltration of the organization by "police agents". For example, [redacted] was advised that according to [redacted], wife of [redacted], Editor of "Challenge-Desafio", former PLP leader [redacted] is a "cop" and blamed the recent influx of anti-party literature on him. [redacted] was in fact the main target of the cartoon strip submitted under this program.

NY 100-163303

NY believes this technique can be used with good effect against the PLP-SDS combine and will submit a suggested leaflet and/or report on the SDS convention to the Bureau for approval in the near future.

3. Tangible Results

By letter dated 8/13/70, Bureau authority was received for New York to prepare and mail anonymously a leaflet - in the form of a comic-strip - designed to exploit a factional dispute within the ranks of the PLP.

During the period 9/24-25/70, 160 copies of the above leaflet were mailed to selected individuals and organizations active in both the New Left and PLP. On 10/26/70, 35 additional copies of this leaflet were mailed anonymously to persons active in the PLP in the New York area.

The 11/1/70, issue of "Challenge - Desafio", page 2 contained an article entitled "Police Forgeries Won't Stop PLP", sub-titled "Cops Spend Thousands to Mis-Print PLP'S Program * Mail Out Racist Cartoons and Egg On Nationalist Attacks * Those Using These Police Lies Ought To Think Where That Action Leads".

The article reports various items that have been received during the past several weeks by PLP members and friends including a "Racist comic strip cartoon distorting the above mentioned internal report showing the worst kind of Stereotype of a black person, sent to many members and friends of PLP as well as others."

New York feels the above article was forced on PLP by the impact of the cartoon and other items. The only defense posture left to them was to blame in print police agencies for the distribution of such disruptive material. It is obvious, however, that a certain amount of editorial agony was involved in PLP'S attempted refutation of the racist charges being brought against the National Steering Committee.

On 12/18/70 [REDACTED] advised that according to [REDACTED] wife of [REDACTED] Editor of [REDACTED] the PLP leadership is now convinced that [REDACTED] is a "cop" and blamed the recent influx of anti-party literature on him. She stated that [REDACTED] is using PLP mailing lists to send out material designed to disrupt the PLP. She mentioned that years ago several PLP members had stated [REDACTED] was a police agent but no one listened to them. Now, the leadership believes these persons were correct.

New York feels that the comments of [REDACTED] are the direct result of actions taken under captioned program against the PLP. Several primary objectives have been achieved; namely, the disruption of the PLP and its leadership and the shifting of the blame for such disruption on the shoulders of [REDACTED]

Any additional information re above will be promptly furnished to the Bureau.

Reurairtel 11/24/70.

Bureau authority is granted to mail copies of the counterintelligence leaflet concerning Abbott Hoffman to selected individuals within the New Left movement.

Dissemination of this leaflet is to be carefully limited to those individuals who were to receive a copy of the 13-page article concerning Rubin which was mailed to [REDACTED] by Hoffman from Rome, Italy. You are authorized to add the names of two New Left activists, one in New York and one in Boston, to the list of recipients.

Insure mailing material utilized and paper on which leaflet is prepared cannot be traced to the Bureau.

Keep the Bureau advised of any tangible results of this counterintelligence action.

The PLP document, "Progressive Labor Party

SF to the Director 10/7/70, is not in the possession of the NYO.

It is the opinion of the NYO that this document
appears to be authentic for the following reasons.

The document refers to a PLP change in its position
on nationalism, and it is known from [REDACTED] that approximately
one year ago the PLP did in fact change its position on this
question and discussions were constantly being held among
the PLP hierarchy on this topic.

It is also known that from previous documents
issued by the PLP National Committee that they consider all
nationalism reactionary.

The document also refers to the PLP's tendency to
place Puerto Ricans and PLP Spanish contacts in a Spanish
section around PLP's newspaper, "Challenge-Desafio." It is
known that this has been true in the past and PLP member
[REDACTED] even left the PLP over the PLP line toward
the Blacks and Puerto Ricans.

[redacted] former Harlem Organizer for the PLP, after his expulsion from the PLP, charged that the PLP was a racist organization. Based upon previous PLP policies towards Blacks and Puerto Ricans, [redacted] undoubtedly felt that he had a legitimate claim against the PLP when he could have made a valid charge against the PLP leadership of white chavinism.

The document refers to a reorganizational change of PLP sending ex-students to organize workers in the shops to Marxism-Leninism.

[redacted] previously reported that the PLP was reorganizing and implementing a policy of concentration in the key industries in the specific areas such as the auto workers in Detroit and garment industry in NYC.

The document sets forth that Black, Latin and White workers are flocking to the PLP by the thousands, which is, of course, untrue. However, it is known that the PLP is now making a concerted drive to recruit Blacks and Puerto Ricans, but from information available, it is not making much progress, especially since the expulsion of [redacted]

The nine National Committee proposals set forth agree with information received from informants and other material published by the PLP.

Enclosed herewith for the information of the Bureau are three copies each, and for Chicago and San Francisco, two copies each, of a National Committee report of the PLP "Our position on China" and "A Criticism of Our Party", written by [redacted] National Chairman, PLP.

NY 100-163303

The above two documents were furnished to the NYO on 11/3/70, by [REDACTED] who obtained the documents from CHUSA Headquarters.

The document concerning the PLP position on China, although undated, appears to be a recent document inasmuch as it refers to the Angela Davis Defense League.

This document shows that the PLP has differences with the Chinese Line and the NYO is studying this document for counter intelligence possibilities. Bureau authority for any possible counter intelligence action will be requested before any positive steps are taken along this line.

The Bureau's attention is called to the last page of this document captioned, "Rules On The Handling Of Internal Documents." It would appear that the PLP is feeling the effect of the Bureau's counter intelligence Program which is causing the PLP to tighten its security in regard to internal documents even to the point of threatening members with expulsion if they fail to abide by the party rules.

Reference is made to New York letter dated 7/31/70 and Bulet 8/13/70, which authorized New York to prepare and mail anonymously a "comic strip" aimed at causing disruption in the Progressive Labor Party (PLP).

Enclosed for the Bureau are two copies of a letter which New York proposes to be sent to the editor of the PLP newspaper "Challenge-Desafio" in the near future.

The purpose of the above letter may be seen from the following:

During the period 9/24-25/70, 160 copies of the PLP comic strip were mailed anonymously to PLP members, supporters and allied organizations. On 10/26/70, 35 additional copies were mailed to members and officers of Students For A Democratic Society - Worker Student Alliance (SDS-WSA) on a country-wide basis.

in print police agencies for the distribution of such disruptive material. It is obvious, however, that a certain amount of editorial agony was involved in PLP'S attempted refutation of the racial charges being brought against the National Steering Committee.

It is felt that the enclosed letter, hand-written and mailed anonymously, should be sent to the editors of "Challenge-Desafio" immediately to add a little more fuel to the fire.

Bureau authority is therefore requested for New York to prepare and anonymously mail enclosed letter.

Comrades:

I read with interest your article on page 2 of the Nov. 1st "Challenge-Desafio" which pointed out attempts of the pig establishment to disrupt PL through obvious forgeries and whatever.

A word of caution, however. I am convinced that it is a mistake to make the basic assumption that all such filthy devices can be laid at the dishonored door of the pigs. Unfortunately, there are today in PL disruptive elements who are not above such tactics. I also feel that many of these leaflets or comic strips (I have one before me) attacking and distorting the report of the Nat'l Steering Comm. are not police in origin:

I would suggest a little internal investigation is in order - in fact, absolutely necessary. I would further suggest that PL take a good look at the current activities of people like Epton and others of his ilk. They are out to destroy the party in every respect.

I am, of course, concerned that the bosses and their flunkies will continue to attack our party and the working class but they are the least of our worries. My biggest concern is the traitors in our midst. And, brothers, I for one am going to help ferret them out.

For that reason, you may know me only as...

With regard to the use of the "emergency code" as outlined in reCVlet, New York feels the idea has merit and offers the possibility of bringing positive results.

In addition to the "Guardian" as the media vehicle, consideration might be given to the use of other radical publications like "Rising Up Angry" in Chicago, "Rat" in New York or "Space City" in Houston.

New York also feels that the text of the advertisement must be such as not to attract the interest of municipal police, particularly the New York City Police Department which conducts extensive investigations in the security field through its Special Services Department. Such action could result in wasted investigative time for all concerned.

It is felt the texts contained in reCVlet are appropriate for this contemplated action.

Above leaflet is in preparation and will be mailed at the opportune time.

By relet, New York submitted a two-page leaflet entitled "Newsreel Films." It is designed to ridicule Newsreel in particular and the New Left movement in general. It does this by setting forth a list of films supposedly available at Newsreel. The description set out for each of these films is satirical in nature. The New York Office states that New Left has sanctified the three individuals killed in a New York townhouse explosion and has accepted homosexuals and the Women's Liberation Movement into its ranks with studied seriousness. New York's leaflet would ridicule each of these phases of the New Left movement.

Since there is no possibility of embarrassment to the Bureau and since the leaflet would tend to divide the New Left movement, it is being approved.

Enclosed herewith are two copies of a two page leaflet entitled "Newsreel Films", which is designed to ridicule the "NEWSREEL" (NY 100-162668) in particular and the New Left movement in general.

New York has observed a tendency on the part of people in the New Left to sanctify the three individuals killed in a "bomb factory" explosion in New York in March, 1970. In addition, the New Left has been forced to regard the "fight for homosexual rights" and Women's Liberation with a studied seriousness that allows no room for humor of any kind.

New York feels that the interjection of a little "black humor" into the New Left field - as set forth in the enclosed leaflet - might serve to further divide the various factions and splinter groups. It is felt the New Left will attribute this leaflet to some dissentient group fed up with the "ego trips" which characterize Women's Liberation, Gay Liberation and the like.

Bureau authority is requested for New York to prepare enclosed leaflet and mail anonymously to selected individuals and organizations in the New Left movement.

SUBJECT: COINTELPRO-NEW LEFT

Reference is made to Buat dated 7/8/70, regarding sympathy of [REDACTED] of CBS for the Worker Student Alliance (WSA) faction of SDS.

Reference is further made to BStel dated 6/30/70, regarding arrest of [REDACTED] brother of [REDACTED] National Secretary WSA faction of SDS.

In the opinion of NY, the information set forth in reBStel offers little or no potential for specific and effective counterintelligence action. First, the information re [REDACTED] sympathy for the WSA and his willingness to aid WSA purposes can not be used without corroboration from live informants or other sources. There has been no such corroboration to date. Second, the press conference at which the "right questions would be asked" was never held or at least failed to attract any news media.

Aside from the comical aspects of the BSPD turning their prisoner [REDACTED] over to the Navy Shore Patrol when [REDACTED] had yet to join the Navy, there seems little "hard" material on which to take action under captioned program. Again, involvement of a highly sensitive source precludes the use of the only pertinent information in the situation.

No further action in this matter is being taken by NY at this time.

Reurairtel and LHM 6/23/70 captioned "Progressive Labor Party, IS - PLP."

You should carefully review the circumstances surrounding the recent factionalism in the PLP and the expulsion of [REDACTED] and other PLP members close to him in order to determine the possibility of creating further disruption in the PLP. The present situation of factional dispute characterized by charges and countercharges appears ready-made for exploitation under the Bureau's counterintelligence program.

In connection with your review, you should consider the feasibility of an anonymous mailing to PLP National Committee members purporting to reveal the identities of additional PLP members not previously known as [REDACTED] supporters. Specific proposals should be submitted under the caption CoinTELpro - New Left, Bufile 100-449698, with appropriate copies in substantive files.

Under no circumstances should any counterintelligence action be taken in this matter without prior Bureau authority.

OBSERVATIONS OF THE NEW YORK DIVISION

- A) New York notes that captioned source, through individual personality and endeavors, has made numerous personal contacts withing the Weatherman organization and due to this there should be personal support for him which could transcend the political structure of the Weatherman Faction.
- B) Due to the fugitive status of key Weathermen personnel there exists widespread autonomy among Weathermen focals or units and due to this dissipated condition any allegations against informant should have less affect.
- C) Disclosure of the informant's true status has thus far come from personnel outside the inner Weatherman circle and that distrust among these individuals is widespread as to infiltration. Until there is actual Weatherman allegations against above source his usefulness while questional is not at its end.
- D) Investigation by the NYO notes that [REDACTED] is again in contact with [REDACTED]

RECOMMENDATIONS OF THE NEW YORK DIVISION

NOTE:

A member of the Venceremos Brigade, a group of New Leftists which recently went to Cuba reportedly to cut sugar cane, has stated that the Gay Liberation Front wanted to form their own unit inside the next brigade to go to Cuba. Cuban officials did not like the idea as, in effect, they felt homosexuals do not make good communists. The Gay Liberation Front is a homosexual organization. New York suggested a leaflet be prepared in the format of a teletype and addressed to [REDACTED] who has been previously arrested for homosexual behavior, which would infer that [REDACTED] was supporting the homosexuals' efforts to form this brigade for the next trip to Cuba. Copies would be mailed to various New Leftists to impugn [REDACTED]

Reference is made to New York letter dated 4/21/70, and Bulet dated 5/1/70.

Enclosed are two copies of a suggested leaflet designed to ridicule the Venceremos Brigade (NY 100-166943), the GAY LIBERATION FRONT (NY 100-167120), [REDACTED] (NY 100-121672) and the New Left movement in general.

By way of background - re suggested leaflet - on 5/5/70, [REDACTED] advised that on 5/2/70, at Yale University, New Haven, Connecticut, a member of the Venceremos Brigade stated that members of the Gay Liberation Front wanted to form their own unit inside the next brigade. He pointed out that various "gay" members of the first two brigades didn't like the attitude of some Cuban officials who had stated that homosexuals did not make good communists.

Bureau authority is requested for New York to prepare this leaflet (in telegraphic form as shown) and mail anonymously to selected individuals in the New Left movement with particular emphasis on members of the Venceremos Brigade.

NATIONAL EMERGENCY CIVIL LIBERTIES
COMMITTEE, Formerly Known As
Emergency Civil Liberties Committee

The "Guide to Subversive Organizations and Publications" of December 1, 1961, by the Committee on Un-American Activities, United States House of Representatives, Washington, D.C., describes the Emergency Civil Liberties Committee (ECLC) as an organization whose avowed purpose is to abolish the House Committee on Un-American Activities. It stated the ECLC was established in 1951, and "although representing itself as a non-Communist group, actually operates as a front for the Communist Party."

"The New York Times" issue of April 1, 1968, contained an article reflecting the ECLC was changing its name to the National ECLC (NECLC) "to reflect our determination to develop a vital national civil liberties organization in all 50 states as rapidly as possible."

The "Newark Sunday News" of Newark, New Jersey, issue of April 20, 1969, contained an article showing the NECLC, of 25 East 26th Street, New York, New York, operates from its office an anti-war legal help organization for draft-age men, reservists and those on active duty.

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "... we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 310 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States

NOTE:

By relet, New York submitted a proposed "memorandum" purportedly written by a member of the New Mobilization Committee to End the War in Vietnam (NMC) to the National Steering Committee. "Memorandum" would criticize the Steering Committee for its lack of support of the black community and for allowing Trotskyites to assume more influence within the Committee. New York suggests that the "memorandum" be submitted anonymously to members of the NMC Steering Committee and to selected officials of the Vietnam Moratorium Committee since this latter group works closely with NMC. Such a "memorandum" may serve to cause a split within the NMC leadership.

Reference is made to New York letter dated 1/14/70.

Enclosed are two copies of a suggested "memorandum" concerning the National Steering Committee of the New Mobilization Committee To End The War In Vietnam (NMC), which is designed to cause splits within NMC leadership by pitting the non-Trotskyites against radicals who are members of the Socialist Workers Party (SWP). It is also designed to bring to the fore the small number of blacks actually serving on the steering committee.

Bureau authority is requested for New York to prepare enclosed memorandum and mail anonymously to all members of the NMC Steering Committee and other selected officials in the organization. Copies will also be sent to selected officials of the Vietnam Moratorium Committee in Washington, D. C.

MEMO TO: National Steering Committee

RE: The Absolute Racial Imbalance of The NSC

Having for a short time served as a member of the NSC, and currently active in the Moratorium Committee - both in Washington and New York, I find it necessary to call attention to certain facts overlooked or shovelled under the rug by NMC leadership.

My understanding at the time I joined NMC was that it was to be run as a non-exclusionary organization - devoted to one primary cause; the immediate end of the frightful war in Vietnam. We were not to be side-tracked into supporting the aims of the militant left. We were not to be sucked into protests against the government's trial of the Conspiracy 8 in Chicago and the like. Our sights were to be adjusted at some later time when the war terminated. Or, so I thought.

Over the past several years the Trotskyites have literally taken control of the body proper and have repeatedly resisted efforts to recruit black brothers into NMC leadership. In addition, they have seen fit to use the good offices of the NMC to further their own political aspirations, nebulous as they are.

I have been sickened - on more than one occasion - by the promises made to the Black United Front, promises not kept, promises made with the mouth and not the heart. The attitude of the Steering Committee towards the BUF was and is a matter of disgrace. In the main, NMC leadership has been no better than the racist politicians and phony liberals who give lip service to the black community and turn their backs on any positive action.

The NMC leadership has demonstrated an appalling lack of sensitivity towards the largest minority in the country. If NMC is to survive the coming months, the situation must be rectified immediately. Our leadership - including the omni-present Trotskyites and other radicals - had better take positive steps before those who disagree with current policy, and there are many, either withhold future support or take decisive action to remove NMC leadership. It is my belief the NMC would greatly benefit under a leader like Sam Brown of MC.

To avoid senseless imbroglio, I choose to remain anonymous until the proper time. Just for the record - I am not Black.....

By relet, the NYO submitted a flyer (copy attached) designed and written in such a vein as to foster friction between the SWP, its youth group the YSA, and the NMC. The two former groups have been actively infiltrating the NMC. Prior to the 11/15/69 demonstrations in Washington, D. C., and San Francisco, an open split developed between SWP and NMC factions planning the San Francisco demonstrations. We are attempting to further this split.

This flyer, designed by the NYO, is prepared in a New Left fashion with some resulting obscenity.

Dear Carol:

As one who has long been associated with the forces of peace in Nixon's Amerika, I'm taking the liberty of sending you a copy of James Wechsler's October 29th article which appeared in the Post.

I too wonder just how many of our friends in the press are working for the fbi, cia, or what have you? The fbi's support and direction of the New York Press Service really amounts to just the top of an ice berg which only emerged as a result of the Chicago trial of Dave and the others. Without the trial, I'm sure [redacted] would still be plying his despicable trade.

Now, for the good of the movement, I must ask one question. How has the Liberation News Service survived these many years? It has suffered internal splits time and again. Its books are in the red and have been so for a long time. [redacted] one of its founders, recently took his own life. Yet, Lns continues to operate much like the New York Press Service, which leads me to the obvious conclusion that federal bread constitutes its main support.

Lns is in an ideal position to infiltrate the movement at every level. It has carefully concealed its books from all but a select few. Former employees have openly questioned its sources of operating funds.

I shall write you further on Lns for I (and several others) am taking steps to expose this fraud for what it really is - a government financed front.

Howie

ps - Lns representatives all carry police press cards too!

Press Agents

JAMES A. WECHSLER

On any roster of innocent victims of wartime absurdity, Sheldon Ramsdell deserves prominent mention.

A talented 34-year-old freelance photographer who served as a press aide for Sen. Eugene McCarthy during the 1968 campaign, Ramsdell subsequently associated himself with an outfit known as "New York Press Service" headed by one Louis Salzberg.

Now Ramsdell has discovered that in the performance of his duties for that enterprise, he was unknowingly working as an agent for the FBI in its militant surveillance of the peace movement. One might say that he was so secret an agent that he was denied access to his own secret.

Revelation of his unwitting role came as a result of Salzberg's emergence as a government witness in the Chicago "conspiracy" trial of anti-war leaders. It is now clear that the "Press Service" was at least in part an FBI-subsidized operation, and pictures of peace demonstrators taken by Ramsdell have presumably been immortalized in the FBI's galleries of suspicious characters.

Ramsdell's conscience may be partially appeased by the knowledge that his labors were highly unremunerative; Salzberg kept telling him that money obtained from photo sales (to newspapers and peace groups) had to be used for expansion plans, intimating large payment once the business prospered.

Now, in Chicago, Salzberg has testified that his own reward from the FBI has amounted to about \$5000 plus \$2000 in expenses since 1967.

Ramsdell might be understandably uncertain as to whether to laugh or weep about his own predicament. His photographs can hardly have contributed to any serious human discomfort; people who participate in peace rallies do not view themselves as underground operatives, and their faces are continuously exposed to cameras.

But he is not without anger about what he quite rightly regards as the misuse of press credentials by investigative agencies—and, of course, by the misuse of his own work.

"All that I've gotten out of this is a credibility gap," he remarked yesterday. "People begin to distrust me because of the connection. And I begin to wonder how many press people may be working for the FBI."

The cycle of suspicion is obviously endless.

Ramsdell first encountered Salzberg at peace assemblages and their paths crossed intermittently during the McCarthy venture. He recalls that Salzberg seemed to be continuously on the fringe of things and especially zealous about pursuing friendly contacts with such activist leaders as David Dellinger, who proved a trusting soul.

Then, after the McCarthy drive ended, Salzberg approached him about the "Press Service." A letter of solicitation signed by Salzberg described the project:

"The next time your organization schedules a demonstration, march, protest or office party, let us know in advance. We'll cover it like a flock and deliver a cost-free sample of our work to your office. No obligation to purchase, naturally.

"A unique service is our individual coverage. We will photograph any single individual during any type of demonstration or bash. Prints and negatives furnished on order. What better way to show you were with it, or in it, or whatever."

It was not a big business; there were only two others on the "staff" and, at one point, Ramsdell expressed some concern to a colleague about Salzberg's real involvement.

"That's funny," the associate replied. "He just warned me about you."

Ramsdell has some other intriguing recollections. It was not uncommon, for example, for the service to offer its products at modest fees to the Communist Daily World and other left-wing publications. The photos might have been appropriately captioned: "Courtesy of the FBI."

A few months ago Ramsdell walked away from the place and continued his freelance existence. Among his recent campaign clients have been Herman Badillo and Norman Mailer.

He talks without rancor about Salzberg; "I feel sorry for him. In a way he seems rather pathetic."

Ramsdell—a native of Maine "from a conservative family"—is not an organization man. But his anti-war convictions are obviously earnest, and his distaste for FBI policing of peace activity increased his resentment over the portrait of himself as an "FBI dupe."

He sees the ludicrous notes in the story, including the essential worthlessness of his contributions to the FBI's archives. (Consider the number of FBI agents whom he must have photographed in the peace assemblages.)

But beyond the comic-opera aspects of the saga remain the serious questions of press infiltration by the FBI. Salzberg initially established himself by obtaining a police card as a representative of a Spanish-language newspaper. How many other journalists—TV and newspaper variety—are on the FBI payroll? In a sense the Salzberg saga and comparable episodes place every man with a press credential under suspicion. It is time for a Congressional committee to explore the whole story.

Enclosed are two copies of a suggested leaflet entitled "Give Them Bananas!", designed to widen the rift between the New Mobilization Committee To End The War In Vietnam (NMC) and the Black United Front (BUF) over the BUF demand that NMC "pay" for their planned March on Washington 11/15/69.

Enclosed leaflet has been written in the jargon of the New Left, necessitating the use of a certain amount of profanity.

It is realized this material is racial in tone but it is believed this is the one point of vulnerability in the NMC - BUF combination.

Bureau authority is requested to prepare and mail anonymously the enclosed leaflet to selected individuals active in the NMC and BUF both in the New York and Washington areas.

It is intended that this mailing would be completed prior to the 11/15/69 demonstration.

Give Them BANANAS!

We see where the New Mobilization Committee - organizing group for the march on Washington November 15th - has had the blocks thrown to it by the so-called BLACK UNITED FRONT, which demands much bread for any peace activity in the American capital.

BUF leader, the [REDACTED], at first requested the modest sum of a buck a head - hoping to blast a hundred grand out of poor old NMC. Later, he asked for a mere \$25,000. Right now the Zulu King would settle for two-bits if it came from the blood and sweat of the movement. [REDACTED] whose brain is as sharp as a limp dishrag, is nothing but a black blackmailer....his stock in trade is the color of his skin. His built in prejudices against whites are typical of those arising from the festering sores of ignorance and lack of intelligence. We might mention [REDACTED] fantastic grasp of the English language - sometimes his grunts actually make sense. Not a bad fellow, really for he does like colored balls and old automobile tires.

Well, to get back to the BUF blackmail ploy. The march for peace will go on as scheduled in spite of any blackbirds who try to shit on it. [REDACTED] and his pack or herd or pride or whatever you call a group of bloodsucking animals, are in for a shock. We say: if they must get something in return for their non-violence towards NMC during these days of demonstrations, give them BANANAS - all they can eat.

We'll be in Washington on November 15th, [REDACTED]. You can mark that on your calendar in RED, pal. If you won't join us you're against us. It's as simple as that. We consider you and your kind as black bandits and the most dangerous of the elements eating away at the movement.

The Steering Committee of NMC can feed you all the shit they want, [REDACTED] but lip-service isn't money...none that you'll ever see.

Suck on your bananas, brother and someday you might learn how to make fire or build a wheel.

Affectionately,

Sid

NOTE: A factional split has developed among SDS, the PLP, and the BPP. The dispute has arisen over such issues as community control of police and the best means of bringing about a revolution in this country. New York has submitted a flier captioned "Get In The Picture!" which is obscene in nature and has been designed to widen the split among these three groups. As the flier may serve to develop suspicion among the three groups, it is being approved.

Enclosed leaflet has been marked "Obscene" because of its content. It is noted that an enlarged picture of the rats appearing in the leaflet was recently featured as a center-spread in the publication "RAT". It has also received wide notice in New Left circles including SDS and PLP. The words "PLP" and "SDS" have been added to the picture by the NYO.

APPENDIX

STUDENTS FOR A DEMOCRATIC SOCIETY

A source has advised that the Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. From an initial ideological posture of "participatory democracy," the current line of the national leadership reveals an adherence to Marxism-Leninism. [REDACTED] National Secretary, in March, 1969, called for the building of a revolutionary Marxist-Leninist movement. The program of SDS has moved from involvement in civil rights struggles to an anti-Vietnam war position and finally to its present advocacy of an anti-imperialist line, linking up the oppressed peoples of Asia, Africa and Latin America with the black liberation movement in the United States. China, Vietnam and Cuba are regarded as countries which are leading the worldwide struggles against United States imperialism. On the other hand, SDS regards the Soviet Union as an imperialist power and does not support the policies of that country.

SDS maintains a National Office in Room 206, 1603 West Madison Street, Chicago, Illinois. Its official paper "New Left Notes" reflects the line of the national leadership and program adopted at meetings of the National Council and National Interim Committee (NIC). Three national officers and a NIC of eleven members are elected each year during a June National Convention.

SDS Regional Offices and university and college chapters elect delegates to National Council meetings wherein program and ideology are debated, but each Region and chapter is autonomous in nature and is free to carry out independent policy and programs reflective of local conditions.

This can best be done by utilizing the services of friends of the Bureau in the newspaper field by having this information published as a news item in those cities which have representatives of the NMC and of black organizations in their areas.

This action should be followed up by using the services of a newspaper columnist friendly to the Bureau, particularly one who is reported to favor the conservative point of view, and whose column is published in newspapers in major cities. The columnist should comment in his column on the demands of the BUF in indignant and ridiculing terms. The demands of the BUF should be branded as another example of attempted extortion on the part of militant black groups who appear to be attempting to "hold-up" the white community in the manner of [REDACTED] and his organization, the National Black Economic Development Conference, which has made exorbitant demands of huge sums from white Christian churches for alleged indignities to Negroes over the past few hundred years. The column should comment in a ridiculing vein that it is a welcome sight to see militant blacks attempting to "put the bite" on their so-called ultra-liberal friends in an organization such as the NMC.

In conjunction with the above, sources in racial and non-racial protest groups, should be used to fan discontent resulting from the publicity given this information. Sources in racial groups should at meetings of their organizations agitate against the NMC, to term the demands of the BUF as logical and right and the rejection of the NMC as a "racist" act and another example that the blacks cannot trust their so-called liberal friends in preponderantly white organizations. These sources should speak against the participation of their organizations in the anti-war demonstration of 11/15/69, and against future cooperation with the NMC and like preponderantly white protest organizations. These sources should point out that [REDACTED] and other white leaders, in the NMC, although ostensibly favorable to the causes of the militant blacks, have proven to have had racist tendencies when called upon in concrete terms to assist the militant black movement.

~~CONFIDENTIAL~~

100-163303

~~CONFIDENTIAL~~

Sources in the NMC should be instructed to follow the dictates of the Steering Committee of the NMC in favoring the rejection of the demand of the BUF for money and of characterizing the demand as a form of extortion that cannot be met by the NMC and should not be met because by so doing would encourage other militant black organizations to make similar demands, which in turn could wreck the NMC.

Sources in other non-racial protest organizations should at meetings of their organizations tend to favor the demand of the BUF and to be critical of the NMC for its rejection. They should argue, if feasible, that the action of the NMC if not actually "racial" in nature, proves that the NMC and its leadership are out of step with the times in that the current protest and anti-establishment movement in the US should demonstrate in concrete terms that it favors indemnity to blacks for the treatment afforded members of that race historically by the "establishment" in the US. They should point out that the NMC by its action in this instance has proven to be incapable of leadership in the protest movement and should not be supported in its effort to organize the anti-war demonstration on 11/15/69.

It is believed that by the foregoing actions, discontent and divisions will be created in militant black and protest organizations sufficient magnitude to cause at least some of the organizations and some members of other organizations to fail to support the NMC and in some instances to take action to hinder the NMC in its efforts to organize the anti-war demonstrations on 11/15/69.

COINTELPRO - NEW LEFT

ReBuairtel, 8/20/69.

The following general comments concern possible avenues to explore in capitalizing on the developing schism between Students For A Democratic Society (SDS), and Black Panther Party (BPP).

The recent convention at Oakland, California, was controlled by the BPP, although they numerically constituted a minority of those present. It was apparent that in any close working alliance the EPP expected SDS to be subservient to the BPP. The BPP needed the support, both financially and numerically, of white New Left groups to make any future plans a success. The EPP has not been able to establish a sufficient base in the black community to perpetuate the black revolution without white money and people. If, therefore, the black community has rejected the EPP, why should not SDS also reject it? Who does "relate" to the black community, a rejected, fractured BPP, or a vibrant effective SDS working with interested black community leaders in continuing the revolution.

Fascism is the enemy of the BPP, but who are the fascists? The iron fisted control of the Oakland Conference, the demand for an unqualified veto of revolutionary activity (i.e. the Chicago Action in October),

and the inquisition and assassination in Connecticut, all cause one to wonder if the war against fascism is being fought by a group devoted to replacing white fascism with black fascism. The BPP should re-examine its own house before attacking the democratic student movement as fascist.

The community control of police is the dividing point, but what is behind the issue? SDS fears white community control because it could develop to be more oppressive toward the white revolutionaries than the present system. What about black control in black community? SDS does not want this either. They have no trust in fellow black revolutionaries because once the blacks control the police in their community the old ties of fellow combatants will be cut and SDS will be isolated and harassed in both communities. The fight is for survival, not community control.

The NYO recommends that the above comments be developed and used in the following ways:

1. A leaflet in the form of an open SDS letter, setting forth an SDS attack on BPP, using the above criticism of the Oakland Conference, failure in the black community, fascism in the BPP, and opposition to the community police control.

2. A leaflet in the form of a BPP letter, setting forth an attack on SDS, using the charge of SDS fascism, and criticizing SDS's position on police control.

Both above leaflets should receive wide dissemination rather than selected dissemination.

3. Informants of the NYO active in SDS will be instructed to originate discussions at meetings concerning the split between BPP and SDS. This will include informants active in the three NY factions of SDS (Revolutionary Youth Movement, Workers Student Alliance, and SDS Labor Committee). Selected informants will be provided above leaflets as a basis for discussions. It is anticipated this might also encourage a wider split within SDS.

NY 100-163303

4. Informants attending the BPP Political Education meetings in New York, will be instructed to also originate discussions about the split.

A specific request to implement the above is not being made at this time, but will be made when the above leaflets are submitted for Bureau approval in a subsequent communication.

By reairtel New York Office submitted a pamphlet which it suggested be mailed anonymously to selected persons and organizations active in the New Left. New York notes that David Dellinger the leader of the National Mobilization Committee To End The War in Vietnam plans to hold a meeting of various peace groups during the July 4th weekend in Cleveland. The pamphlet prepared by New York ridicules the efforts and results obtained by the National Mobilization Committee 'To End The War in Vietnam, Students for a Democratic Society, and other New Left groups. It is written in the language of the New Left and from the point of view of a New Leftist who is frustrated and disappointed in the results attained so far by demonstrations and the protest movements. H
WHITER DOTH WE GO DAVY, BABY?

Now, that the year of confrontation (such as it was) has jazzed its way into oblivion, perhaps, we should look to the future. Where has the turmoil and strife led us? Is the mess in Vietnam over? Has racism in Amerika diminished? Did we screw up the Nixon inaugural? Are the pigs beating our asses with less energy?

* * * HELL NO! * * *

Where, then, are you taking us now, Mr. Dellinger? National Mobe is dead and stinking up the atmosphere. Most of the well-known movement organizations are flat on their ass, financially and otherwise. The student "revolts" at Columbia and City died in the hiss of piss. At City our Black Brothers told us to stick it which we did....to the hilt. sds has folded into a limp mass of stringy kids rapping at each other in a jargon devoid of all meaning. The fountain has dried - their minds impotent. They froth at the mouth and wave their fists to the sounds of laughter. Their contribution to the Third World has turned to dog shit.

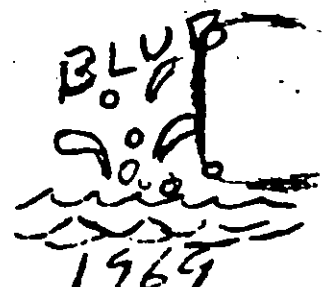

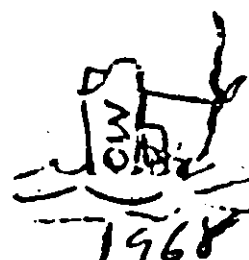

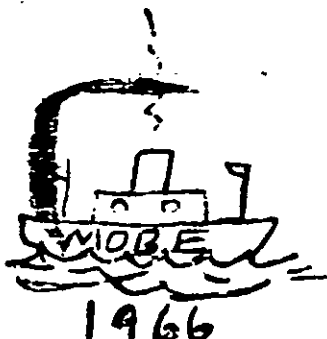

On the bridge of our sinking ship stands Captain Davy with the wind screaming through his teeth. With the waves of reaction lapping at his knees, Capt. Davy merely smiles and says, "Just wait, fellows. We'll soon have another victory for the S. S. Mobe". He flutters his pinkies like a bird ready for flight. "Just wait 'till we get to Chicago this fall."

Special Bulletin, Dave. When you get to Chicago the pigs will be waiting. They'll kick the shit out of you, buddy. The same goes for any of us nuts who follow you there. I well remember the last time. I've got the bloody shirt hanging in the pad. I look at it every night and cry a little - for the bloodletting was for naught. It was smash, smash and smash.

I humbly suggest it's time for a change. We, who still support the movement, should take our stand on the corpse of Mobe and chuck Davy baby over the side. Give him a nice salute and play the pipes slowly.....he at least deserves that much.

NOTE:

New York has submitted a proposed leaflet written in New Left language which ridicules the acts of SDS members. As it holds SDS up to ridicule and will tend to show resistance against SDS, it may be effective. The fact that New York proposes to distribute it by hand is not being approved since we are not aware of their plans for so doing.

REVOLUTION

It ain't very big yet, schoolmates, but the Mouse Crap Revolution (MCR, for short), has arrived on our fair Columbia campus. Chief Mouse Crapper is our old friend [redacted] lately of SDS and Progressive Labor and worshiper at the feet of Chairman Mao - who is trying to screw SDS into the ground. He and his fellow mice, including cheese eaters [redacted]

[redacted] and lovable [redacted] have assumed the name of the NY SDS Labor Committee as the vehicle for their treachery. To this the NY Region of SDS says loud and clear: THE LABOR COMMITTEE THEY RUN IS NOT IN ANY WAY CONNECTED OR ASSOCIATED WITH THE STUDENTS FOR A DEMOCRATIC SOCIETY!

These finks still have the absolute gall to pass themselves off as official representatives of SDS and have sucked legitimate Black organizations into their rather stupid demonstrations or symposiums. Our Black friends will be suprised to know that [redacted] and the NY Labor Committee supported the Teachers Union against Ocean Hill - Brownsville during the last strike! The UPT owns [redacted] and his crew. [redacted] has accused Mark Rudd of busting up his meetings, stomping on his demonstrations and pissing on his social reforms. Mouse crap! The fact is that Mark effectively creamed the Labor Committee's little tea party on March 11th to expose [redacted] Mice for what they are. That meeting, by the way, blessed itself with the balls-up title of "People For Tomorrow". Wow!

[redacted] baby, we suggest you take your Mouse Crap elsewhere. Go swap spit with your hero, [redacted] of the UPT. Go back to burning joss sticks before the altar of Mao. As for the rest of the so-called NY SDS Labor Committee, we say.....

Reference is made to New York letter dated 12/31/68.

1. Potential Counterintelligence Action

By letter dated 2/14/69, Bureau authority was received for New York to prepare an anonymous mailing of a leaflet entitled "The Gigantic 'Pick The Fag' Contest is Here", designed to ridicule DAVE DELLINGER, National Chairman of the NMC and to cause disruption in CO-AIM and the New Left in the New York area.

The above mailing is in preparation and will be completed in the near future.

Bureau authority has been received for New York to prepare an anonymous mailing of a leaflet entitled "Notes From The Sand Castle" designed to disrupt plans for a "peace demonstration" sponsored by the YSA, SWP, SMC, and the Fifth Avenue Peace Parade Committee to be held 4/5/69.

The above mailing is in preparation and will be completed during the week of 3/31/69 - 4/4/69.

New York is preparing a leaflet entitled "The Mouse Crap Revolution", designed to take advantage of a recent split between the NY Region of the SDS and the NY SDS Labor Committee, which will be submitted to the Bureau for approval.

In the matter entitled "THE NEWSREEL, IS - MISCELLANEOUS (Bufile 105-180265; NYfile 100-162668).

New York will continue to direct counterintelligence action against the SDS and other New Left organizations through the use of the montage leaflet authorized by the

2. Pending Counterintelligence Action

On 1/2/69, an anonymous leaflet entitled "A Clown is A Clown is A Clown", designed to ridicule ABBY HOFFMAN, Yippy Leader, was mailed to 98 individuals and organizations in the New Left.

On 1/28/69, an anonymous leaflet entitled "News From The Sand Castle", aimed at the split between SDS and PLP, was mailed to 140 individuals and organizations in the New Left.

On 2/12/69, an anonymous leaflet entitled "Desperate Dave Dangles Dingus", designed to ridicule the inaugural activities of the NMC and its Chairman DAVE DELLINGER, was mailed to 155 individuals and organizations in the New Left.

During the period 2/17-20/69, an anonymous leaflet entitled "Wanted By [REDACTED]", aimed at individuals of Jewish background active in the New York area in the New Left, was mailed to 256 individuals and organizations.

During the period 3/10-14/69, an anonymous leaflet entitled "From The Other Side of The Tracks", designed to disrupt the New Left and to ridicule [REDACTED] writer for the "Guardian", was sent to 235 individuals and organizations in the New Left.

On 3/14/69, an anonymous letter re SEEK (a student welfare program at Queens College, NYC) and the appointments of [REDACTED] (NY 100-145709*) and [REDACTED] (NY 105-87962*) to head the program at Queens College, was sent to 40 officials at Queens College, the New York City government and the government of New York State.

In addition to the above, on 12/27/68, Bureau authority was received to forward an anonymous letter to the mother of [REDACTED] who had been arrested on 10/3/68 while wearing a hat band containing an obscenity. This letter, prepared by the NYO, was sent to WFO for mailing in Washington, D. C. It was subsequently mailed on 1/6/69.

On 1/31/69, Bureau authority was received to furnish [REDACTED] a xerox copy of a letter written by [REDACTED] (Bufile 100-432700; NYfile 100-140072) and containing subversive and anti-American statements. [REDACTED] is a substitute teacher in the New York City Public School System. This was done on 2/12/69.

The Bureau will be promptly advised if the above action results in the revocation of [REDACTED] teaching license.

On 1/27/69, the NYO anonymously mailed a booklet, prepared by the Chicago Division entitled "New Laugh Notes", to 15 officials in New Left Organizations in the New York area.

During the period 12/31/68 through 3/31/69, approximately 400 copies of the SDS montage-type leaflet were distributed in the New York area where SDS was most active with particular reference to Columbia University.

3. Tangible Results

On 3/5/69, [REDACTED] advised that at a closed SWP meeting held 3/4/69, a discussion was held concerning a letter which had been received by the SWP which concerned DAVE DELLINGER and indicated that the National Mobilization Committee to End the War in Vietnam (MOBE), was broken financially and could no longer be considered effective as an anti-war group. Informant was unable to furnish any other details concerning the letter in question.

It is believed that the above letter is identical with the "press release" or leaflet entitled "Desperate Dave Dangles Dingus" sent out under captioned program 2/12/69. Copies were sent to SWP, YSA among others. It is noted that this material contained comments reflecting that MOBE was out of money.

NOTES FROM THE SAND CASTLE

ITEM: Mark well the date April 5th, kiddies. That's the day our old pals in the SWP-YSA-SMC coalition fall flat on their hard-worn asses. Any demonstration planned by the Young Socialist Alliance is bad enough, but when they are joined by their fellow finks in the Student Mobe and Socialist Workers, we develop a strong urge to vomit into the wind. In any event, April 5th promises to be a genuine "peace dud" to be salted away with the YSA collection of duds. Our fair city may be waist high in dog shit now, but on April 6th you'll be swimming in bullshit.

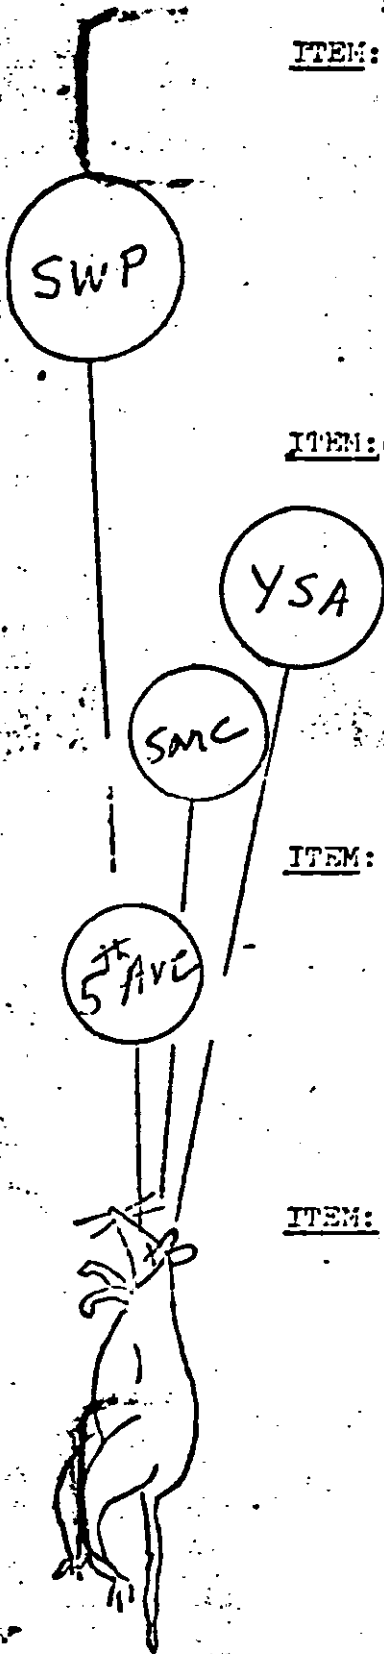

ITEM: Speaking of April 6th, the original plans of SWP-YSA called for the "peace march" to be held on that date - the same date on which the Christian world celebrates Easter. The master plan was presented to the Fifth Avenue Peace Parade Committee by [redacted] and several other "kids" a few weeks ago. Stout hearts on the Committee turned to jelly when they visualized movement people being massacred by irate Christians dressed in Easter finery. "Let's make it April 5th", whined Fifth Avenue. "We don't want the plastic society too pissed off!" That was that. Wow!

ITEM: Chicago's "Vietnam GI" takes a rather dim view of the whole bit. Their opposition is natural when you figure the YSA'ers are trying to take the starch out of the GI movement. Other organizations have split from the April 5th extravaganza which, like most SWP operations, was formulated and put into motion with no consideration for other groups which might be interested. Take SDS for example. We're doing our thing on April 12th. Even shaky Dave Dellinger is lending vocal support to the SDS scene. Don't look for us on the 5th, pals.

ITEM: The truth of the matter is that the SWP-YSA-SMC coalition has never had the guts to play it like it really is. They march to confront the establishment and find the landscape crawling with pigs. Since you can't sell the "Militant" to pigs, they cut and run. You'll never see [redacted] with battle wounds, chums.

- Peace

NOTE:

By relet NY noted that as a result of student demonstrations at Queens College, New York City, which caused damage to College property, the Director of SEEK (Search for Elevation, Education, and Knowledge) was forced to resign. The new director, [REDACTED] is a former member of the AYD (American Youth for Democracy) and the Communist Political Association. His assistant will be [REDACTED] who is known to be sympathetic to Cuba and is suspected of being a Cuban courier. NY suggested an anonymous letter to the College, NYC Government, and New York State Government pointing out the background of these two individuals. As this will be an anonymous letter, there will be no danger of embarrassment to the Bureau. The letter may be useful in calling this situation to the attention of appropriate authorities in the local government.

SUBJECT: COMINTELPRO - NEW LEFT

DATE: 2/12/69

ReNYlet 2/7/69.

Enclosed herewith are two copies of a suggested letter designed to disrupt elements of the New Left Movement now operating on the campus of Queens College, Queens, New York.

Recent student demonstrations at Queens College, NYC, which caused some damage to college property and forced the resignation of [REDACTED] (Search For Elevation, Education and Knowledge), were led by an organization called the Black and Puerto Rican Student-Faculty Counselor Coalition (BPRSFCC), NY 157-3372.

[REDACTED] was replaced with [REDACTED] (NY 100-145700*), a former member of the American Youth For Democracy (AYD) and the Communist Political Association (CPA). He has also taken part in demonstrations against American actions in Vietnam.

[REDACTED] assistant in SEEK will be [REDACTED] (NY 105-87962*), who has been described as sympathetic to the CASTRO government in Cuba and as a suspected Cuban courier.

SEEK is supported by funds from New York City and the State of New York under welfare grants.

Bureau authority is requested to prepare and mail anonymously the above mentioned letter to selected officials at Queens College, New York City government and the government of New York State.

FEB 14 1969

Queens College Graduate School,
65-30 Kissena Blvd.,
Queens, New York

Dear Sir:

The craven surrender of the Administration at Queens College to the fanatical ravings of a small minority has left many members of the faculty justifiably fearful of their future.

I refer to the recent conflict over SEEK (Search For Elevation, Education and Knowledge) which resulted in the demotion of its fine director and the amazing appointment of Messieurs [REDACTED] to run this rather messy welfare operation.

These appointments amount to educational homeopathy; the treatment of cancer with cancer, if you will. Perhaps, in this case it is the treatment of mental illness with additional paranoia. The left-wing, anti-establishment and American hating sentiments of these gentlemen are well known, not only on the Queens campus, but throughout the city and state.

[REDACTED] has been a Marxist-Leninist for many years, having cut his political teeth in the Communist Party during the 1940's. He's still cutting teeth every day in his blind opposition to American actions in Vietnam and in his admiration for everything associated with China, Cuba and the U.S.S.R.

[REDACTED] is often referred to by his friends as a "brilliant nut". He too has a big thing for Cuba Castro. He is critical of everything American except money. He loves federal and state grants and no wonder- he's lived off them for most of his life.

So now SEEK is in "good" hands. We'll see. If the college Administration thinks that peace on the campus has been achieved, they are sadly mistaken. Within six months under the red hands of [REDACTED] and [REDACTED] all hell will break loose at dear old Queens.

Until they hang us all,

Isaac G.

NOTE:

[REDACTED] a black militant columnist, in a broadcast over radio station WBAI, New York, a liberal network which has frequently criticized the Bureau, allowed one [REDACTED] to read a poem on his program which is anti-Semitic. As a result of this, the Jewish community has vigorously attacked [REDACTED] and station WBAI. By relet New York submitted a throw away using [REDACTED] byline "From the Other Side of the Tracks" designed to discredit [REDACTED] with the Jewish element of New York City. New York suggests that the throw away be sent to individuals and organizations in the New Left to further the conflict between the station, [REDACTED] and Jewish members of the New Left.

ANTI SEMITISM by [REDACTED] (?)

Hey, Jew boy, with that yamulka on your head
You pale faced Jew boy — I wish you were dead
I can see you Jew boy — no you can't hide
I got a scoop on you — yeh, you gonna die
I'm sick of your stuff
Every time I turn 'round — your pushin' my head deeper into the

I'm sick of hearing about your suffering in Germany
I'm sick about your escape from tyranny
I'm sick of seeing in everything I do
About the murder of six million Jews
Hitler's reign lasted for only fifteen years
For that period of time you shed crocodile tears
My suffering lasted for over 400 years, Jew boy
And the White man only let me play with his toys
Jew boy, you took my religion and adopted it for you
But you know that black people were the original Hebrews
When the UN made Israel a free independent state
Little four and five-year-old boys threw hand grenades
They hated the black Arabs with all their might
And you, Jew boy, said it was all right
Then you came to America, land of the free
And took over the school system to perpetuate white supremacy.
Guess you know, Jew boy, there's only one reason you made it
You had a clean white face, colorless and faded
I hated you Jew boy, because your hang-up was the Torah
And my only hang-up was my color.

It is noted that [REDACTED] a writer for the "Guardian", recently featured [REDACTED]

[REDACTED] during his regular broadcast on Radio Station WBAI - FM, NYC. During the broadcast, [REDACTED] read a poem written by one of his students (described as a female, 15 years of age), which contained anti-Semitic statements. Catalog No. 3, September, 1968, published by The Newsreel, on page 3, under heading "Newsreel #14", lists "The Columbia Revolt", running time 50 minutes, at a rental of \$60.00 per showing.

The difficulty in discreetly renting the above film for the use of the Bureau may be found in the terms of rental set forth in The Newsreel catalog (page 1). Briefly, these terms are:

1. All film rentals paid in advance. Date of showing or alternate date must be given.
2. Users are required to see that films are returned postmarked on the day immediately following the screening date. Films to be returned via Prepaid - Insured - Educational Rate Parcel Post - Special Delivery.

[REDACTED] - Conceal) has advised that while "The Columbia Revolt" is for rent by The Newsreel, there are only 2 or 3 copies of the film available. He has further stated that in the New York City area, a showing of the film is usually attended by a representative of The Newsreel.

The NYC does not have the facilities for re-copying 16mm, sound film and if re-copied in New York, the work would have to be done by some outside photographic contact. Estimated cost of such re-copying is approximately \$50.00.

It would appear that the time factor - the period which this film could remain in the possession of this Bureau - is very limited and would tend to preclude the shipment of the film to the Bureau for recopying.

It is noted that officials at Columbia University have been interested in securing a copy of "The Columbia Revolt" but have not achieved success to date.

DESPERATE DAVE DANGLES DINGUS

Murderously Mangles MOBE

Washington, D. C. Jan. 20 - Speaking in his usual high pitched voice, Dave Dellinger, National Chairman of the National Mobilization Committee (MOBE), today claimed that the anti-inaugural demonstrations called by his organization had been responsible in getting the Paris peace talks going again.

Dellinger made this startling disclosure before an audience of newsmen in the dingy Hawthorne School which housed many of his followers. A cluster of the latter stood behind their Guru sniffing and fingering wilted flowers. Dellinger, looking pale - more fairy-like than ever - tried to control the squeaks in his voice to no avail. "How many demonstrators did MOBE bring to the inaugural?", he was asked.

"At least 10,000, " he answered.

"Bullshit", was heard in several sections of the room.

Dellinger shuffled his notes. " Let's make that 5,000."

"Bullshit".

"Would you believe 3,000?" Silence. Dave rolled his eyes at the ceiling. "I'm not going to play at numbers, " he chirped. "What matters is that MOBE accomplished so much. We did get the peace talks going. We did break some windows in the National Geographic Society building. Despite police brutality, our brave people managed to throw cans and sticks at the President." His voice went higher - sounding like glass bells in a soft summer breeze. "We shook the establishment, gentlemen."

Associated Press stood up. "We understand MOBE is broke. That you lost control of the thing. That SDS and many other organizations in the peace movement refused to back you. That you have no idea how MOBE funds were spent."

Dellinger put a finger in his mouth and sucked it reflectively. Some minutes passed before he spoke. "MOBE is solvent, boys. As of this morning, we have \$1.54 in the treasury. The price of peace is high." He tried to look grim. "SDS, of course, is just a bunch of dirty college kids with grass for brains. We didn't want them or need them." He formed his lips into a cute bow. "I must go now. We're hitching a ride back to New York today unless we can raise bus fare."

He shoved four fingers into his mouth and was led slowly from the room humming "We Shall Overcome."

November

Dear [redacted]

I stole the November issue of the Movement from a friend in order to read your Cuba articles (my own sub had run out in my absence). Your coverage is superb! "More Revolution" is the best all-purpose Cuba article I have seen anywhere. I've always thought the Movement was good movement journalism; now I think it's terrific. Not that I mean to engage in unrevolutionary ego-building; it's just that right now I'm riding high on enthusiasm from a bunch of high school kids.

For the past couple of weeks I've been doing what Fausto Diaz says we should do - turning on young kids on to the revolution. As you know, a long teachers strike has just ended in NY City. I hold a teacher's license, so I presented myself at a high school as a social studies teacher and got assigned to one freshman class in Eastern Studies, one American history class, and one economics class.

To the first I brought Sheer's "How the US Got Involved" pamphlet plus some Viet-Reports. The kids began reading and we began discussing. Result: last Friday when a new kid came in and charged that North Vietnam had invaded the sovereign state of South Vietnam, another kid pulled out his copy of Viet-Report with the Geneva Agreements in it and read out the section about the temporary demarcation line between the two areas. Facts they've never heard of are flying, and I'm telling them why they're lied to about everything. They're thinking about bourgeois ideology and the system it protects.

To the American history class I brought Williams' Tragedy of American Diplomacy, which they have bought as the text. American foreign policy is economic expansion. Disputes over whether that is the case, Wondering why that is the case. Explaining why that is the case. Making the cold war ideology they are filled with begin to drain out of them.

To the economics class I brought Huberman's Man's Worldly Goods, which they bought as the text. This is a brilliant book - a Marxist political economy of the western world plus Das Kapital, written for workers. I told the kids it was Marxist. The radicals fell off their chairs onto the floor. The rest just dropped their jaws. I assigned chapters every night and spent the class periods in random discussion - the concept of historical materialism, the dialectic, the utopian socialist tradition that goes all the way back to Christ, lots about Cuba (I showed slides and rapped to the whole school about Cuba for a couple of days.), the function of ideology, etc., etc.

A kid told me that the discussion goes on for hours after class and is very emotional, as well it might be. In the afternoons, when they had an "enrichment program," I went to the political forum club and denounced capitalism. If the strike had lasted into this week I would have been showing guerrilla films with a NACLA speaker, "Hanoi, Martes 13" with a friend of mine who's been to North Vietnam, Newsreel's Colombia strike and Black Panther films, etc., etc.

It is believed that a xeroxed copy of the [redacted] letter to [redacted] with its origin attributed to an anonymous source, in the hands of [redacted] would lead to the compromise of [redacted] and possible disciplinary action taken against her.

It is noted that [redacted] is presently recovering from the effects of a minor stroke which confined him to a hospital in the recent past.

New York will hold in abeyance any action as to an anonymous mailing in this matter or contact with sources connected with news media in the New York area, since it appears the most pertinent action may be taken through [redacted]

Bureau authority is requested to furnish [redacted] with a xeroxed copy of the [redacted] letter for appropriate action as set forth herein.

Friday I passed around a piece of paper in my classes for those who would be interested in a political study group after the strike to sign. Fifty did. We're starting this weekend.

Now we are at the one piece of official business in this letter. The enclosed \$20 (is it enough) is for two subs to be sent to me plus as many as you can give me of the November issue (200 or more). I'll first use them with the kids in my seminar group, with extra copies for them to pass out in school. The rest I'll use later, with new groups of kids in other high schools. PLEASE RUSH!

Frankly, I think this is a reasonable strategy for populating the revolution - radicals should go teach high school kids to interpret the world in a revolutionary way. It's easy to turn high school kids on to the revolution; one term with a radical teacher who systematically introduces forbidden ideas and gives them materials to read could be enough for most kids to learn how to read the world right with a couple of years of experience. Most important of all, all people go to high school for one or more years before they become workers! I intend to systematically promote this idea among organizations of the left, and try to get SDS to adopt it as one of their programs. What do you think? Any suggestions? Could the content of this letter be the basis of an article in the Movement?

Thanks in advance for the copies of the November issue. I hope you have enough extra.

NOTE:

A factional dispute has developed within the Students for a Democratic Society (SDS). One faction is led and supported by the Progressive Labor Party (PLP). This faction wants to broaden the SDS base to include the worker-labor-ghetto elements. We have been attempting to exploit this dispute through the use of anonymous mailings criticizing both factions. By relet New York suggested the distribution of an anonymous leaflet which criticizes the activities of certain individuals and elements of both factions. It is written from the view of a loyal SDS member fed up over the factional dispute. The leaflet could be effective in further widening the gap between the two factions.

ReNYlet dated 12/31/68.

Enclosed herewith are two copies of a suggested leaflet entitled "News From The Sand Castle", designed to take advantage of the factional split in SDS involving the influence of PLP.

This leaflet was written in the jargon of the New Left, necessitating the use of a certain amount of profanity. It is written from the view point of a disillusioned SDS member presently attending Columbia University (The Sand Castle in the leaflet).

Bureau authority is requested to prepare and mail (anonymously) the enclosed leaflet to selected individuals and/or organizations active in the New Left movement.

NEWS FROM THE SAND CASTLE

ITEM: Mark Rudd says he's willing to serve in the Army where he would continue his personal agitation on behalf of the "revolution". Aside from the fact that the Army wouldn't touch him with a ten-foot pole, Mark is talking from his ass again. We'll give him two days of basic before some DI lifer sticks the butt end of an M-16 in one ear and out the other. Settle down, Mark. The revolution awaits.

Another thing. Give up the quest for bread and return to SDS - Columbia. It needs you badly. 200 clams per lecture may be tough to give up but money isn't everything, pal.

ITEM: Progressive Labor continues to throw the blocks to the NY Region of SDS. Really nothing new. PL has screwed us for years. PL elements within SDS supported the UFT during the recent teachers strike and neatly splintered the Regional office. The Labor Committee was destroyed - resurrected - smashed again and so on. PL is still using the name of the SDS Labor Committee to spread their political crap. Having PL in any radical movement is like having communal syphilis.

ITEM: The SDS Nat'l Council: in Mich. early this year was a disaster - nay - a calamity. Even the dungy Times wrote it up as a farce. [redacted] managed to save what was left of SDS but PL still rammed the Maoist line down to our gonads. In addition, this meeting was slopped up by the anarchist nuts. Up Against The Wall and allied groups have had it. Let them join the Klan - we don't need 'em.

ITEM: Where are we headed? Oblivion, pal, that's where. In the near future PL will own SDS - lock, stock and jock - and those of us who really worked for the campus revolution will probably re-join the plastic society for self-protection. PL is pushing into revolutionary ideology that borders on sheer insanity. Their worship of Chairman Mao - the Chinese George Wallace - as a divine being shows how sick they really are. To sum up, kiddies, Mao sucks.....
